10th June 2022 CDm/KTr

Dear Parents and Carers

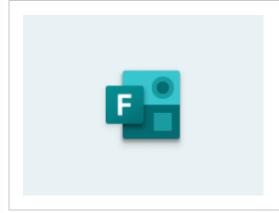

Thank you so much for your ongoing support and feedback for homework this academic year. Through our excellent relationships and collaborative work with families we have made several improvements to our strategies, systems, and communication.

This year we have:

- Provided homework guides detailing the homework expectations for each subject and a bespoke timetable for each student
- Issued every student with a homework planner
- Supplied 30 brand new laptops for homework club
- Supervised homework club with excellent adult support all academic year
- Provided immediate communication when homework is missed
- Committed pastoral support with phone calls and meetings arranged to explore support when homework is becoming a barrier

This term we are trialing two systems for improving homework notifications for the family.

To help us continue to reflect and improve on our homework strategy, I would be very grateful if you could please complete the survey found at the link below:
