Dear Parents and Carers

Hot Weather Uniform Update

Following the announcement regarding changes to school uniform due to the heat, please see below for a further update. Pupils have continued to behave well around school and in lessons despite the heat, and they continue to be punctual, exhibiting 'The Malling School Way' at every opportunity.

Uniform: pupils are not required to wear blazers or ties for the rest of this academic year. If the weather becomes cooler and pupils wish to wear an additional top, they should return to wearing their blazer, rather than hoodies or non-school jumpers.

Drinks: all pupils should bring suitable drinks to school. Fountains around the school are regularly checked and cleaned so pupils can refill their bottles at breaktime and lunchtime. Please refrain from sending your child to school with a fizzy drink as these are not permitted and pupils will not be allowed to consume these during lessons.

If there are further changes or additional guidance, we will continue to update you.

Yours sincerely

Mr B Chidwick
Senior Deputy Headteacher
