

YEAR 11

BACK TO SCHOOL

CARING - DETERMINED - REFLECTIVE

BACK TO SCHOOL

Your child is now in their most important year of their education so far. Our P1 programme has been designed to support them through this year giving them strategies to help with planning and completing revision, organising their time, rewarding themselves and most importantly highlighting to them the importance of relaxation and time for themselves. We are most productive when we are most motivated and rested not when we are most tired.

TERM ONE - WHAT HAPPENS ON A MONDAY AND TUESDAY
ENGLISH FORM - SPEAKING AND LISTENING QUALIFICATION.
MATHS / SCIENCE FORM - LEARNING REVISION STRATEGIES WHILST REVISING KEY CONCEPTS.

SPEAKING AND LISTENING - How can you help
 Discuss with your child any possible ideas they may have to base their speaking and listening on. This could be anything from current affairs, a subject that they feel very strongly about, issues around sport a hobby which they know detailed information about and regularly take part in or societal issues. This is not an exhaustive list and their form tutor is there to guide them should they need it.

GCSE MINDSET

This week students have been reminding themselves of the medals and missions they made for themselves prior to the summer holidays and setting themselves new ones for this week. They were given the opportunity to rethink their moral compass allowing for the possibility that over the summer their interests and aims may have changed.

WHAT CAN YOU DO?

TALK TO YOUR CHILD ABOUT THEIR MORAL COMPASS - HAVE THEY CHANGED THEIR 'NORTH'? IF SO WHY?
ASK THEM TO SHARE WITH YOU WHAT THEIR MISSIONS AND MEDALS ARE, DISCUSS WITH THEM WHY THEY FEEL THESE ARE IMPORTANT.

WHY DO WE DO THIS?

We want our students to have a clear vision on what they need to do to be successful, what they want that success to lead to and what they can do in order to get there. By discussing with them what they need to achieve in year 11 to reach their goal helps them to have a focus

Please encourage your child to attend P6 sessions and to seek help from their teachers should they not understand the concepts they have been taught or revision strategies they have been given.

WE ARE HERE TO HELP
