

YEAR 11 BULLETIN

CARING - DETERMINED - REFLECTIVE

Post-16 Options

On Friday, Year 11 students attended an assembly led by Miss Willis, focused on planning for the next stage of their education and what they will be doing after Year 11. The assembly highlighted the importance of attending open events with your child to help both of you fully understand the options available and to experience firsthand what each institution is like. Choosing where they will spend the next two years is a significant decision, and it's essential to base this choice on facts rather than assumptions.

With that in mind, please see below for important dates to add to your calendar. These events will come up quickly, so don't miss out! We strongly encourage students to apply for courses promptly after attending open events to secure their place, as courses tend to fill up fast. Students will be logging into their KentChoices accounts during a period 1 sessions in the week of October 21st.
