

23rd September 2026
STh/SSn

Dear Parent/Carer,

I would like to remind you of the parent and student apps which link to our School MIS Bromcom and provide you with live information about your child's school life.

Parent App - My Child at School (MCAS)

MCAS is a user-friendly app and web portal designed to give you real-time access to important information about your child's school life. You can see their timetable, attendance, achievements, behaviour, homework, exam details, and reports. It's a convenient way to stay updated and connected with what's happening at school.

Key features of MCAS include:

1. **Real-time Academic Updates:** Instant access to your child's weekly timetable, term dates, and academic milestones.
2. **Streamlined Communication:** Effortlessly communicate with the school. Changed address or phone number? You can update us through the portal.
3. **Attendance Tracking:** Monitor your child's attendance records for the year-to-date, along with subject-specific attendance metrics.
4. **Achievement and Behaviour Monitoring:** Stay informed about your child's achievements, behaviour logs, and issued detentions.
5. **Exam Information:** Access student exam timetables and pertinent exam-related details.
6. **Homework Management:** Keep track of assigned homework tasks for your child(ren).
7. **Report Viewing:** Conveniently view and access school reports directly through the app.

Full details of how to use the app can be found at the below link:

<https://www.themallingschool.kent.sch.uk/page/?title=MCAS+%2D+My+Child+at+School&pid=213>

If you have not received a login for MCAS or have forgotten your login details please email mcas@themallingschool.kent.sch.uk.

Student App - Bromcom Student Portal

The Bromcom Student Portal is designed to provide students and parents with seamless access to key information related to school activities and student performance. With this new portal, you will be able to:

- Access timetables: View your daily and weekly schedules.
- Track homework: Keep an eye on assigned homework tasks and due dates.
- Monitor behaviour records: Stay informed about behaviour points and records.
- View exam timetables and results: Check your exam schedule and results as soon as they are available.

Getting Started

Students have received guidance on how to log on to the online Student Portal. The student portal can be accessed at www.bromcomvle.com. Students should press 'Sign in with Microsoft Account' and use their school login details.

Please note that, whilst the Student Portal is a useful tool to support students with their organisation and learning, the school's existing mobile phone policy remains in place. Students should not rely on accessing the app on their phones during the school day and should continue to use the usual systems and procedures in place at school.

If you require any support accessing either app, please contact mcas@themallingschool.kent.sch.uk

Yours sincerely,

Mrs S Thetford
MIS Manager
