

23rd June 2026
CDm/SSn

Dear Parent/Carer,

Uniform Arrangements for Hot Weather

Following a further review of the weather forecast and official guidance, we have decided to extend our temporary uniform adjustments to ensure pupils remain comfortable and safe during the continued warm weather.

Wednesday 24th June – Friday 26th June: Official TMS PE kit permitted

Due to the high temperatures forecast for the remainder of the week, pupils may continue to wear their official TMS PE kit from Wednesday 24th June to Friday 26th June.

Please note:

- Only official TMS PE kit items are permitted.
- No alternative sportswear or non-uniform items should be worn.

Pupils who do not wish to wear PE kit may attend in full school uniform. During this period, ties and blazers will remain optional to help pupils stay comfortable in the warmer weather.

Pupils should continue to bring a filled water bottle each day.

We will continue to monitor weather conditions and any updated guidance and will make further adjustments if necessary.

We are incredibly proud of how well pupils continue to uphold our uniform standards, even during periods of hot weather. We will always make reasonable adjustments when necessary to support student wellbeing while maintaining our high expectations.

Thank you for your continued support.

Yours sincerely,

Mr C Dmytruk
Deputy Headteacher
