Dear Parents/Carers,

On Thursday 20th November, representatives from Maidstone and Tunbridge Wells NHS Trust will be visiting our school to deliver a presentation to our Year 12 and Year 13 female students.

The session will focus on gynecological cancer, a serious health issue that can affect women of all ages. The presentation aims to increase awareness and understanding by covering:

- The different types of gynecological cancer
- Common signs and symptoms
- Risk factors
- The importance of regular check-ups
- Resources and support available

The presentation will take place at 2:15pm in the Sixth Form Hub and will last 45-50 minutes. Students will have the opportunity to speak with the healthcare professionals at the end of the session.

Students who prefer not to attend may opt out. If your child does not wish to take part, please notify a member of the Sixth Form Team in advance.

We believe this session will be valuable in promoting awareness and supporting our students' understanding of important health issues that may affect them or those around them.

Please do not hesitate to contact us if you have any questions.

Miss C Barnes
Sixth Form Pastoral Leader
